That page needs so much work. It's on this list, but website stuff is low priority.

Thanks! Maybe it's just me, but did detect a little sarcasm in the "new and improved" ;-)

Elizabeth, here are my original copies.

Matt, here are 2 more items that are now gone from the new and improved CSTAG web site; please add this to your to-do list to get this back on the web.

Thanks,

Hey Steve,

Can you please send me copies of the CSTAG Portland Harbor memos from 2003 and 2006. It appears there is a reference to them on the CSTAG web site (though no dates are given), but there is no active url associated with the files (perhaps they're not 508 compliant?). Only the NRRB recommendations and our responses are available for download.

Thx

E
